18 Years of Civil War Ends

China Forms Coalition Government

CHUNGKING, Jan. 31.—(AP)—China's 18 years of civil strife ended tonight when the nation's major parties agreed unanimously on formation of a coalition government to rule until the new democratic constitution is adopted.

The delegates, representing all of China's leading political factions, adopted five resolutions on which the broad platform of national unity was agreed.

The resolutions fixed the size and political make-up of the national assembly which will ratify the new constitution, provided for reduction and merger of the Nationalist and Communist armies, reorganization of the government set-up, and outlined a program of national reconstruction.

Anton Zelman Athabasca Farmer Sentenced To Hang

Anton Zelman, 42-year-old Athabasca district farmer, was found guilty in Supreme Court Wednesday of murdering Albert Hingley, also an Athabasca farmer, on Oct. 13 last, and was sentenced by Mr. Justice G. B. O'Connor to be hanged at Fort Saskatchewan jail on April 30 next.

Many Idle New, Impending Work Stoppages Hit U.S. Output

New York, Jan. 31.—(AP)—New and impending work stoppages, most of them because of the country-wide steel strike, slowed production in various allied industries in the United States today as homes diminished for the first time in 18 months.

Following the Douglas E. Virch, director of the U.S. War Relocation Authority, said that the defense council requested that the U.S. War Relocation Authority recommended mercy. The form of the jury answered "no" to the recommendation.

Dismissing the jury from further service at this trial, Mr. Justice O'Connor thanked members of the jury for their service and asked that they be excused.

Following the Douglas E. Virch, director of the U.S. War Relocation Authority, said that the defense council requested that the U.S. War Relocation Authority recommended mercy. The form of the jury answered "no" to the recommendation.

Winston Churchill Picks Two Winners At Hialeah Track

Miami, Fla., Jan. 31.—(AP)—Winston Churchill ventured a few shillings on the sport of kings at Hialeah race course yesterday, and picked himself two winners.

The former British prime minister placed a wager on Cedar Creek, son of the Derby winner Bold Ruler, during his first visit to a race track since his arrival in mid-January for a vacation.

A few minutes later, he watched the Arcaro sprinter sweep the hurdle race to win the first of the three races.

Plan "Space Ships" WASHINGTON, Jan. 31.—(AP)—The United States Navy has announced that it will build a fleet of "space ships" this summer. An ordinance officer yesterday told a reporter 12 German V-2 rockets will be fired straight into the air as part of the tests.

Minister Says: New Process of Oil Separation Is Anticipated

A new dehydration process perfected by the Research Council of Alberta is expected shortly to simplify separation of oil from bituminous sands. Hon. W. A. Fallow, minister of public works and acting premier, said Thursday.

Until now there has been a good deal of difficulty through moisture and other foreign substances seeping through with the oil, and elimination of this has been the purpose of experiments at the University of Alberta.

The result of these experiments has reached a stage where the council has recommended to the provincial government that a new unit at the Bitumount plant.

Plans and specifications and the cost of the new unit at the Bitumount plant, the minister said, and it is expected that the new equipment will be under construction in a matter of days.

A new agreement has been signed by the provincial government and the U.S. War Relocation Authority, which will allow the U.S. War Relocation Authority to operate a new unit at the Bitumount plant.

But besides the improvement in production, the new dehydration process is calculated to be profitable in such by-products as the gas which is produced, which is a considerable amount.

The minister pointed out that the original agreement between the government and the company which retains for the former the right to carry on experiments of any kind through the Research Council or others in order to test the new process.

Kerr Is Advocate Indies Trusteeship

SINGAPORE, Jan. 31.—(AP)—Sir Archibald Kerr, British ambassador to Batavia to represent Britain at negotiations between the Netherlands government and the unrecognized Indonesian republic, said today he believed Indonesia might be a United Nations trusteeship.

He made it clear that his statement was merely a personal observation and not a recommendation of the British government to the United Nations trusteeship.

He disclosed that he had seen the 13-point plan of Dr. Soerabardjo, announced by the Indonesian government, and that he was in contact with the Indonesian government.

Plans Completed For Vets' Hostel In Coast Hotel

Vancouver, Jan. 31.—(AP)—Arrangements were completed yesterday for the Greater Vancouver Citizens' Rehabilitation Council to open a hostel for returning veterans in the Coast Hotel.

Far-Reaching Legislation Governing Labor Is Hinted

Far-reaching labor legislation will be brought down at the session of the Alberta legislature which opens Feb. 14, Hon. W. A. Fallow, acting premier, announced Thursday.

While the acting premier said details had not yet reached the final stage, pending possible developments at the Dominion-provincial conference, there will be amendments to the Hours of Work Act, which likely will be further reduction of maximum work hours from 48 to 40 hours a week.

In a statement released here on his behalf, Hon. C. E. Gerhart, minister of trade and industry, who is at the conference in Ottawa, hinted that these things are quite within the realm of probability in the very immediate future.

No Action Yet Fate of CPA Still Remains Govt. Secret

Edmonton Bulletin Ottawa Bureau Ottawa, Jan. 31.—(AP)—The government today announced an amendment to the wartime salaries act, which will allow the government to pay "white-collared" workers to permit increase of salaries regarding the "white-collared" workers to the rates paid for substantially the same work.

The amendment is similar to that announced earlier for the wartime wages control order, which governs the wage rates of those who receive their remuneration on an hourly basis. The salaries order applies to those paid on a salary or weekly basis.

Beer Parlor Hours Might Be Extended

It was learned Thursday that the Alberta Liquor Control Board would issue an order authorizing beer parlors to remain open from 10 a.m. to 10 p.m. daily except Sundays.

Report Two Ships Are In North Atlantic

HALIFAX, Jan. 31.—(AP)—Two ships were reported in difficulties in heavy Atlantic seas off the Newfoundland coast, Royal Canadian Naval authorities said here last night.

Doctor and Nurse Make Merry Trip

FORT ST. JOHN, B.C., Jan. 31.—(CP)—A doctor and a public health nurse were battling mountainous snowdrifts last night as they sought to reach Rose Prairie where one child is dead and others are known to be suffering from diphtheria.

Make Little Progress Provinces and Government Deadlocked on Tax Fields

By D'ARCY O'DONNELL OTTAWA, Jan. 31.—(CP)—The Dominion and the provinces resumed their hard bargaining today at further meetings of the co-ordinating committee of the Dominion-provincial conference, but it appeared anybody's guess as to who would give ground.

Mitchell, King Changes In Wage Controls Announced by Federal Govt.

OTTAWA, Jan. 31.—(CP)—Labor Minister Mitchell announced today that beginning next June 30 "normal jurisdiction" governing minimum wage rates, working hours and vacations with pay will be returned to the provinces.

These powers were taken over by the federal government early in the war as part of the government's program to ease the country's economic condition under the stress of war.

Mr. Mitchell also announced the following amendments to the Wartime Wages Control Order, effective Feb. 15:

1. The present provision authorizing the War Labor Board to approve an increase in wage rates only where a gross inequality exists has been replaced by a similar provision in the same language, or where the board sees the adjustment is reasonable in the circumstances and consistent with the maintenance of existing prices of the goods and services which the employer sells.

2. Freedom of collective bargaining is restored to employees and employers dealing with War Labor Board and with pay, shift-differential, hospital aid plans, annuities, pension plans and group insurance plans.

The changes were made by amendments to the Wartime Wages Control Order, with the provisions dealing with War Labor Board and collective bargaining becoming effective Feb. 15 with the return of jurisdiction to the provinces takes effect June 30.

Manitoba Removes Ratona on Several Types of Liquor

WINNIPEG, Jan. 31.—(AP)—R. C. Tibbels, commissioner of the Manitoba Liquor Control Commission, said today that the banning of gin, rum, cocktails and liquors will be lifted Feb. 1.

Toronto Is Swept By Light Rainfall

TORONTO, Jan. 31.—(AP)—Traffic moved cautiously over Toronto streets last night as a light rain swept in from the west. The rain was accompanied by a strong wind, blowing from the west-northwest, with gusts to 20 m.p.h.

Cannab market surveyed. Page 3.

opinion that the time to consider a working week of at most 40 hours.

"It seems that if the week is to be 40 hours or less there can be little objection to the introduction of a five-day week so that the 40 hours work can be completed at the rate of eight hours per day for five days in the week instead of spreading it out over six," he said.

in a statement released here on his behalf, Hon. C. E. Gerhart, minister of trade and industry, who is at the conference in Ottawa, hinted that these things are quite within the realm of probability in the very immediate future.

These powers were taken over by the federal government early in the war as part of the government's program to ease the country's economic condition under the stress of war.

Mr. Mitchell also announced the following amendments to the Wartime Wages Control Order, effective Feb. 15:

1. The changes were made by amendments to the Wartime Wages Control Order, with the provisions dealing with War Labor Board and collective bargaining becoming effective Feb. 15 with the return of jurisdiction to the provinces takes effect June 30.

Reserve Army Men May Get More Pay

OTTAWA, Jan. 31.—(CP)—Military sources speculated yesterday that one of the attractions offered Reserve Army recruits of the future may be better pay.

Defense Minister Abbott has said he hopes to announce a new scale of pay to the permanent active force with better pay and Air Minister Gibson has said he is studying the services to offer to a man who might expect had the last night.

MILITARY CIRCLES said it is understood that the same scale might be used for the reserve forces. The Reserve Army has been in existence for a year and spent two weeks at summer camp.

Ration of Butter Won't Be Reduced During February

OTTAWA, Jan. 31 (CP)—A priest board spokesman said yesterday "there definitely will be no reduction in the Canadian butter ration during February."

He made the statement when questioned on reports which said that due to a seasonal decline in Canadian butter production a further reduction in the ration might be necessary. Some reports said the reduction might be from six to four ounces a week.

The situation is reviewed on a monthly basis and rationing plans will be decided by the War Relocation Authority, said the spokesman.

After Flight to Scotland

Hess Offered Six-Point Peace Plan

NUERNBERG, Germany, Jan. 31.—(Reuters)—Rudolf Hess, former deputy Fuehrer of Germany, flew to Scotland in May 1941, with a six-point proposal for establishing peace between Britain and Germany. It was learned here last night.

THE PROPOSAL was reported to have been outlined by Hess during an interview with Viscount Simon, Lord Chancellor in Britain's wartime government.

During the interview, which lasted several hours, Hess was said to have made these six points which he said he had flown to Britain to present:

1. Germany was to be given a free hand in Europe;

2. Britain was to have a free hand in the Empire, except for the return of former German colonies;

3. RUSSIA WAS TO BE "included in Asia," but Germany had certain demands to make on Russia, which would have to be satisfied either by negotiation or as a result of war.

4. Britain was to evacuate Iraq;

5. The peace agreement was to contain provision for reciprocal indemnification of British and German nationals whose property had been expropriated as a result of the war;

6. THE PEACE PROPOSALS were to be valid only if negotiated by a British government other than that of Winston Churchill.

The interview with Lord Simon was one of an effort to draw him out on the purposes of his flight and to establish his mental condition.

Information given by Hess to Lord Simon duplicated what he already told the Duke of Hamilton and Ivone Kirkpatrick of the British embassy in Berlin, formerly secretary of the British embassy in Berlin, it was said.

FOR THIS REASON, the transcript of the interview with Lord Simon does not form any part of the case against Hess before the international war crimes tribunal at Nuremberg, which is based on records of the interview with the Duke of Hamilton and Mr. Kirkpatrick.

Benefit Contest Nets Brown \$7,586

ST. LOUIS, Jan. 31.—(AP)—Holding the Flyers scores for two periods, the Improved New Haven Eagles turned back St. Louis 3-2, last night in an American Hockey League contest played as a benefit for Eddie Brown, flyer defenceman from St. Louis, who lost his right eye after a hockey accident in New Haven.

After the contest, played before 9,304 fans, a cheque for \$7,586 was presented to Brown. This represented 75 per cent of the gross receipts for the game after taxes had been deducted. The Flyers also are paying Brown's hospital expenses and salary for the remainder of the season.

Stellar work by goalie Jim Henry of the Eagles helped gain the win for the New Haven club which left the Flyers one point behind the third-place Cleveland Barons.

1,500 Jews to Enter Palestine Monthly

JERUSALEM, Jan. 31.—(CP)—The British government announced yesterday in a special communique that Jewish immigration into Palestine would be allowed at the rate of 1,500 monthly.

The communication stated that consultation with the Arabs on the question of allowing this number of immigrants had "been proceeding over a long period and have reached no conclusive result."

"IN THESE CIRCUMSTANCES," the communique added, "his majesty's government have now decided for cogent reasons that they must allow immigration to continue provided that the proposed rate of 1,500 monthly."

Illegal immigrants will continue to be deflected from the quota, the communique said, and "preference will be given to those European Jews who have a special claim, such as those to whom the Palestine government has already taken obligations, and relatives in Europe of Jews already established in Palestine."

Earlier, in an intensified drive to end disorders in the troubled country, British authorities conducted a large-scale search in Tel Aviv and detained a number of persons.

Land, Sea, Air Units

Empire Forces Ready To Move Into Japan

By GWEN MORGAN

Exclusive to The Edmonton Bulletin

WASHINGTON, Jan. 31.—(HUP)—A British Commonwealth force of land, sea and air units will start moving into Japan within a week to share occupation duties and hasten repatriation of "many" United States troops, the U.S. State Department announced today.

GEN DOUGLAS MACARTHUR, in a statement from his headquarters in Tokyo, extended the "heartiest possible welcome" to the men from Australia, New Zealand, India and United Kingdom who are about to share the "arduous and difficult duties" of occupation.

Their presence, said the supreme Allied commander, "will materially broaden the base along international lines of a burden which up to this time has been unevenly carried to a large extent unilaterally by the United States forces and cannot fail to be of overall beneficial effect."

IT WILL ENABLE a diminution in our own strength and will thereby bring welcome relief to many Indians.

The State Department said MacArthur would readjust the schedule for withdrawing American troops as soon as possible.

MacArthur assigned the British Commonwealth Force (BCOF) to "locate" initially at Hiroshima province, including the cities of Kure and Fukuyama. In addition, one battalion will be represented at the Tokyo prefecture.

AUSTRALIAN Lt. Gen. G. Northcott, commander-in-chief of the entire BCOF, his chief of staff will be Air Commodore F. M. Bladen of the Royal Australian Air Force.

The state department said only military control would be exercised by the BCOF in areas where it is assigned, with military government responsibility and overall command remaining with the United States.

The British Commonwealth gave the only acceptance to the American invitation to share in occupation of Japan, China and Russia also were asked. China replied that she was willing but unable, and Russia declined.

Prices, Wages

(Continued From Page 1)

Administrative discretion in minimum wage matters and working conditions by the provinces."

2. Price ceilings on some 200 non-essential goods and services—a great many of them of minor importance in the budget of the average household—have been suspended, but will be reimposed if price reactions warrant such action.

MR. KING HARKED back across the years since Canada "embarked upon a program to prevent soaring prices and to preserve order and efficiency in Canada's economic structure" and, looking ahead, emphasizing the government policy of "gradual and controlled readjustment will permit prices to increase only when it is necessary."

It is no longer feasible to attempt rigid maintenance of the price level. It is quite conceivable that by the time full "decontrol" is achieved the level of prices may be moderately higher than in the case today.

HE OUTLINED the first steps towards ultimate removal of wage and salary control after stating: "The government has no intention of interfering with the normal processes of collective bargaining to any greater extent or for any longer than is strictly necessary."

He continued: "We Labor Boards, in dealing with applications for wage adjustments now will be guided by comparing wages in one plant or industry with other comparable plants or industries rather than by the former more rigid standard of gross inequalities and injustices."

"THE BOARDS MAY also authorize an employer to vary wage rates on a basis which is otherwise reasonable in the circumstances, and which is consistent with maintenance of existing prices of goods and services."

"Wage increases granted under the order will not be recognized on grounds for price advances. If wages were permitted, it would simply invite a series of price increases in line with every advance in wage rates—a process which would set the inflationary spiral in motion."

"OTHER CHANGES in wage control permit free collective bargaining over most matters not concerned with basic wage rates, and provide for the eventual return of minimum wage regulation to the provinces. These changes... are not likely to threaten stabilization, provided they are used in a reasonable and responsible manner by all concerned. The changes in wage control are accompanied by corresponding adjustments in the policy of salary control."

Details of the changes in the wages and salary controls will be announced, probably today, by Labor Minister Mitchell and Revenue Minister McCann. Statements by Finance Minister Ilesley and Prices Board Chairman Donald Gordon outlined the suspension of the price ceilings.

MR. KING LISTED articles among those now free to find their own price levels and said it was "questionable whether the expense and effort of administering effective price control in these cases is in proportion to the benefits derived."

"Moreover, the Prices Board is finding it increasingly difficult to retain the services of sufficient skilled personnel. It is undesirable that the board should concentrate its efforts on the more important commodities."

THE PRIME MINISTER reiterated the government's belief that "subsidy payments should continue to be kept at a minimum and eliminated as promptly as is feasible. Looking to foreign markets and

Disclose Threat Against Dagnans

CHICAGO, Jan. 31.—(AP)—The box containing the human ear mailed to the mother of kidnapped and slain Suzanne Dagnan bore the scribbled threat, "Will cut your ear next." Detective Chief Walter Sturges disclosed last night.

Sturges said he still believes the ear, which police believe to be that of an adult male, was the work of a prankster.

He said the small cardboard box containing the ear was mailed to "Mrs. Dagnan" at the home address of the parents, Mr. and Mrs. James Dagnan, and that the threat was penned on the box.

The box was received Tuesday and apparently postmarked at 11:30 p.m. the previous night, Sturges said.

He said the writing on the inside of the box would be compared with the writing on the ransom note left when the six-year-old girl was abducted Jan. 7 by a killer who dismembered her body and dropped the pieces in the vicinity of the Dagnans in the vicinity of the city's home.

The detective also exhibited four pictures of the child's dismembered body and told newspapermen police are convinced the slayer was "either a professional man or someone who knew a lot about dissecting a body."

Zelman to Die

(Continued From Page 1)

mercy would be forwarded to the Minister of Justice.

Members of the jury were: Mr. A. J. C. Blackwell, A. F. Currie, Wallace D. Pollock, all of Edmonton; Don Murray, Watford, and T. H. Jackson, Bremner.

The jury's verdict was reached after one hour and 15 minutes of deliberation.

At the afternoon session of the court two psychiatrists were called, one by the defence, the other by the prosecution, Dr. Corbett, for the defence, told the court the accused had a mentality of a child of nine or ten years, but that he was sane.

Dr. W. J. McAllister, for the crown, said that Zelman was sane but of low mentality.

ADDRESSING THE JURY, Guy Patterson, King outlined the evidence and said that it pointed with certainty to the commission by the accused of the murder of Hingley and asked for a guilty verdict. He said that Zelman was sane but of low mentality.

Mr. Bloom, in a brief address, stressed the fact that the accused was a man of subnormal intelligence, and that wrongs suffered by him in his life had been real or fancied, did not permit the person wronged taking the law into his own hands.

Imports, Mr. King said a number of export controls and quota arrangements would have to be retained for the time being but "to date no appreciable volume of imports from the United Kingdom and liberated countries has been excluded by the operation of the price ceiling."

12000 MILES OF TELEGRAPH WIRES

Mission for Munro

The Years of Change lie ahead in farming, perhaps, of revolution, and forms of government will die, huge populations will move, boundaries will change and loyalties shift. Years of occupation, of trade rebuilding, of cleaning up the loose ends of war and laying down foundations of peace. Ross Munro, most famed of Canadian Press war correspondents, has chosen this turbulent area as his "beat," with headquarters in Paris and through his keen eye and facile pen Canadians will be kept posted day-by-day of the broad story of Europe's rebirth.

FACTS FROM THE 59th Annual Report

People in all walks of life purchased 30,462 Manufacturers Life policies during 1945. The 328,690 policies now in force in the Company average \$2,597 each, giving a total protection of \$853,687,237 to families in hundreds of communities.

Every working day \$35,189 was disbursed by the Company for a total of \$17,274,201. Living policyowners received \$10,981,847 and the beneficiaries of deceased policyowners received \$6,292,354.

Manufacturers Life policies lifted pressing financial burdens for thousands of beneficiaries and policyowners during 1945.

In addition to paying a total of \$320,963,418 to policyowners and their beneficiaries since its incorporation in 1887 the Manufacturers Life has placed \$239,600,458 in a fund to guarantee the fulfillment of each of its 328,690 policies.

Untold Wealth Is Sought
In Vast Wastes of North

By JACK BRAYLEY

OTTAWA, Jan. 31.—(CP)—Scientists have started investigations aimed at disclosing the untold wealth in vast uninhabited northern wastes, eliminating the scratch and buzz of aurora borealis in radio, improving navigation and generally increasing man's knowledge.

FIRST STEP TAKEN by the newly-created Arctic Institute of 3,000 miles of Canada's Sub-Arctic North America—established through international co-operation by Canada, United States, Newfoundland and Denmark, but conducted as a private organization—has been the first step taken by the institute.

It is a start in the survey of the Arctic and building a storehouse of information on every aspect of that great silent area which can be used for both commercial and military purposes.

AN OFFICIAL HAS decided, however, it is a coincidence, rather than significance that one of the board of governors of the institute is Lt.-Col. T. Wilson, leader of the forthcoming army expedition which will take through the Northwest Territories.

"Hounded" by HEADACHES

Blinding pain, constant throbbing can make life a misery. Many headaches may be caused by the failure of the brain to perform its normal duty of filtering poisons and excess acids from the blood. Kidneys fail and poisons remain in the system, headache, backache, rheumatism, pain, disturbed sleep may follow. Dr. Duff's Kidney Pills help your kidneys clear out poisons, making poisons and excess acids so you feel better—not better—well better. Get Dr. Duff's pills. 14c

"Get Foreigners Out of India"—Hindoo Leader's Advice

Hindoo leader, Jawaharlal Nehru, says, "Get foreigners out of India."

connection with the Arctic and Sub-Arctic regions.

Scientists hope the practical application of this program eventually will see the Arctic opened to year-round regular transport and co-incident development of mineral deposits. Study of the effect of the disruptive but colorful northern lights on radio communications may have far-reaching effects on regular commercial radio networks.

INVESTIGATIONS of magnetic conditions at the magnetic North Pole and a study of atmospheric likely will result in improving both polar and world navigation conditions and facilities.

Coast FM Station
Planned by CBC

VANCOUVER, Jan. 31.—(CP)—The Canadian Broadcasting Corporation (CBC) will build a 250-watt frequency-modulation transmitter in the future.

NO NATIONALITY restrictions have been placed on the fellowships which will permit study of a wide range of Arctic subjects from biology to meteorology.

In general the institute will act as a co-ordinating center in North America for scientific research in the future.

Mr. DUNTON said the 250-watt transmitter will operate in conjunction with the present standard broadcasting or "amplitude modulation" facilities at station CBR, the CBC's big basic outlet in Vancouver.

Unofficially it has been reported the first FM receiving sets, probably combined with AM, will go on the market next fall. It is not expected they will cost more than present radios.

Mr. DUNTON said Toronto and Montreal will get FM transmitters and one here will be among the first in Canada. CBC experimental FM stations already are working in Toronto and Montreal, and three private radio manufacturing companies are operating private FM stations in Montreal, Toronto and Hamilton.

Memorial Concert
Aids Polio Victims

NEW YORK, Jan. 31.—(AP)—A memorial concert for the benefit of the National Foundation for Infantile Paralysis marked the 50th anniversary of the birth of the late Franklin D. Roosevelt, standard president, last night. Fritz Kreisler, violinist; Lauriat Melchior, and Helen Trambel, Metropolitan Opera singers; Arthur Rubinstein, pianist; Hall Johnson choir; Helen Hayes, actress; and Deems Taylor, critic and composer, were participating artists.

Twins Back From Overseas Service

CALGARY, Jan. 31.—(CP)—After four and a half years of army service during which they were never separated, Staff Sergeant Herbert Laycraft and Staff Sergeant Harold Laycraft, 25-year-old twins from High River, arrived home together yesterday. The twins were greeted at the station by their father, G. E. Laycraft, well-known farmer and insurance man in the High River and Stettler districts. They arrived in Boston aboard a freighter Saturday.

Urges 56 to War Veterans
To War Veterans

OTTAWA, Jan. 31.—(CP)—Lt. Gen. Charles Foulkes, CBE, CB, DSO, chief of the general staff, said here yesterday Canadians should be tolerant to the few returning veterans who may "bark over the traces" because these men had risked their lives that Canada might enjoy peace.

Speaking at a Canadian Club luncheon, Gen. Foulkes, former overseas corps commander, said: "FOR FIVE YEARS THESE MEN have been trained to fight and to kill. That cannot be wiped out by an order-in-council. There may be a few who will bark over the traces."

We should all adopt a tolerant view toward these men who have risked their lives that you and I might enjoy peace."

Gen. Foulkes paid tribute to Canada's citizen army and, without giving names, disclosed the interesting fact that 60 per cent of the divisional commanders, 75 per cent of the brigade commanders and 90 per cent of unit commanders were all non-professional soldiers.

Youth For Christ Movement Adopts 4 Main Objectives

CALGARY.—Four major objectives for the Youth for Christ movement in Alberta were adopted Tuesday at the first annual meeting of the group since its organization. Representatives from seven groups in the province attended the meeting.

The objectives included promotion and help for Youth for Christ evangelism, evangelism among youth to contrast the present crime wave among juveniles, more emphasis on virtuous Christian living and the formation of service organizations of youth through existing agencies.

Rev. Edward Lewis of Calgary was named chairman, Rev. E. J. Roberts, Edmonton, was named vice-chairman, and Rev. William Laing of Calgary was named secretary-treasurer of the movement.

Canadian Horses Shipped to France

MONTREAL, Jan. 31.—(CP)—A shipment of 374 horses left Canada yesterday for France, and similar movements will be made every second week as long as there is space in ships. It was announced here yesterday. The horses came from Alberta and Saskatchewan livestock cars. Shipment of the horses to France is a case of history repeating itself—in reverse. In 1905 the first horse was brought to Canada from France and was presented to the governor, Augustin de LaSalle, by the settlers.

Declares Britain Should Pay Debt To United States

ALBANY, N.Y., Jan. 31.—(CP)—Canada's wartime munitions director-general, William F. Drysdale, said last night Britain should pay her debt to the United States in war-time munitions or by any other "mutually satisfactory" settlement.

SPEAKING AS "A private citizen," he said the "grim spectre" of debt forgiveness must not arise "in this new age of inflation threats and dangers" as it "is unwholly agreeable after the First World War."

In a speech to the Albany County Historical Society, Mr. Drysdale also urged close economic and educational liaison between Canada and the United States.

Britain's obligations to the United States are and remain debts "until they are fully acknowledged and liquidated," he said.

"CONTRACTUAL arrangements for payment could be either by permanent cession or by leases of land in the present or future of the waters of the western hemisphere, and/or by such other media of installment payments as are mutually satisfactory."

He said Britain was "losing" especially destruction of or damage to 4,000,000 homes—must be replaced "if Britain is to continue as a useful ally in the company of nations."

"Between neighbors and allies and comrades in past times of peril and in future times of peace," he said, the object is to have the use of RCAF signals procedure who would be able to co-operate with the air force in time of peace."

He said Winnipeg operators, members of the Manitoba branch, American Radio Relay League, have expressed a willingness to co-operate with the RCAF.

LIVERPOOL, Eng.—(CP)—Mrs. Margaret Morgan, an Estonian woman in search of her British husband, arrived in Liverpool recently from Russia, Finland and Sweden. He said that Peter Morgan, merchant seaman, is in the Far East.

Dumb-Bells by Gar

WAITER, BEING ME TWO THREE MINUTE BE READY AND HURRY PLEASE, A MINUTE!

That may arise again, there must be no word question of the cost of such necessary and human help as present and future they are debts of money and credits of health and safety, desperately called for and gallantly provided.

"PRECIOUS PLEASES" for debt forgiveness are not admissible between courageously and realistically minded Canadians, "proud of their independence combined with loyalty to the crown, and no less proud of our free allegiance to the British Empire and Commonwealth of Nations." But British policy ignoring or running counter to the "fundamental" of the Dominion and the United States would have a disruptive effect on the Commonwealth as a whole.

CANADIANS "MUST" emancipate themselves from misgivings "that no close liaison would enable the United States to dominate the economy and indirectly affect the governmental integrity of the Dominion. Canada must welcome the economic liaison."

Says Tories Plan Contest All Seats

MOOSE JAW, Jan. 31.—(CP)—R. A. Bell, national organizer, said here yesterday the Progressive Conservative party intends to place a candidate in every constituency in the next federal election.

"There will definitely be a candidate in every Saskatchewan seat," he told party officials attending a two-day leadership training school here.

Mr. Bell said an organization drive will be launched at once in all parts of Canada.

J. M. MACDONNELL, member of parliament for Nunavut, said the national government could no longer "stand aside, as it did in the 1930s" and see unemployment and agricultural distress rampant. He said the government must stimulate and regulate enterprise and help the people to help themselves.

The Progressive Conservative party stands for full support for minorities which is the cardinal principle of democracy, he added.

SO EASY ICE CREAM

You don't need a refrigerator to make this delicious ice cream. It's so easy to make, you can make it in 10 minutes. (The package makes 16 cones.)

1. Put in the package. 2. Add 1 cup of milk. 3. Mix well. 4. Freeze in the freezer for 2 hours. 5. Remove and serve. 6. Enjoy!

The ROAD AHEAD

by Capt. HARPER PROWSE, M.L.A.

The decision to move the routine administration involved in payment of the "out-of-work" benefits to unemployed veterans from the department of veterans' affairs to the unemployment insurance division of the national employment service is sound. It puts this particular right where it belongs. It will benefit both the veterans and the country at large as well as the two departments concerned.

I Saw Today

UNDER THE new regulation a veteran who is unable to find employment makes his initial application for the out-of-work benefits to the department of veterans' affairs—just as has always been the case. Department officials then give him his record, interview him, discuss the advisability of taking training of some kind, advise him that for every month he receives out-of-work benefits he reduces by one month his entitlement to either training or benefit while waiting returns from a farm or business enterprise, find out what kind of work he will be suitable for when it is available. If the immediate answer to his problem is the granting of out-of-work benefits they then grant him these benefits for a period of three months.

The veteran and his documents then report to the unemployment insurance commission offices. Here Continued on Page Twenty

T. O. "DERRY" DERRINGTON discussing the relative merits of the coffee served in various Edmonton snack joints.

AND Doug Mobergman entering the Bikes Building, Les Hopkins, leaving the children of the mid-winter breezes; Audrey Hain, back admitting to friends that "the old town is quieter than it used to be," Tommy Robertson remarking on the changes noted in the Highlands district since last he was there; L. W. Chew making his usual supper entrance on Jasper Avenue; Teddy Turpin reminiscing on the life in the RCMP overseas; Jack Hill sharing the fond memories.

Coffee can be kept fresh by putting it in a tightly sealed can and leaving it in the refrigerator.

Involved in Management Change

D. A. Kirkland

Pioneer Jeweler Retiring;

L. S. Nelson Birks Manager

Resident of Edmonton for the last 30 years and one of Western Canada's pioneer jewelers, D. A. Kirkland, manager of Henry Birks and Sons Ltd., branch here, retired from business Thursday and will leave on or about Feb. 15 to live in Victoria, B.C.

L. STANLEY NELSON, who has been assistant manager of the Birks' store here for several years, will succeed Mr. Kirkland in the jewelry business. He started in the jewelry business with Mr. Kirkland 20 years ago.

Mr. Kirkland is a past president of the Edmonton Jewellers' Association, and also has been a representative from Alberta on the national board of the association. He has been in the jewelry business for 45 years, entering the industry when he was 10 years old.

His successor is an associate member of the American Gem Society of 1912, and the deputation of 1912. Mr. Kirkland in business in 1927, going into the jewelry business in the city of Spokane, Wash. Mr. Nelson came to Alberta with his parents in 1921 and settled in the southern part of the province. The family moved to Edmonton in 1927, and in that year Mr. Nelson began his career with Mr. Kirkland, rising to the assistant manager position in the store, and now to succeed his father as manager of the business.

Mr. Kirkland said Thursday that one of the hardest things in the world is to leave Edmonton is the prospect of severing old friendships here. He has great faith in Edmonton. It is one of the greatest cities in Canada, and in a few years it will have a population of 150,000. He is firmly believing. In moving to Victoria, he intended to take a good rest as he is retiring from active business.

A NATIVE OF DUNKIRK, near Collingwood, Ont., 90 miles north of Toronto, Mr. Kirkland, after completing his education, was apprenticed to a jeweler in Collingwood to learn watchmaking. In 1905 he first came west and was employed by the Diamond Jewelry firm in Winnipeg. After remaining in Winnipeg for a short time, he returned to Collingwood and his old post as head watchmaker.

However, the lure of the west was too strong for him, and after spending eight months in the United States where he took an engraving course, he again came to the west. He was in the center of widespread interest in April, 1907.

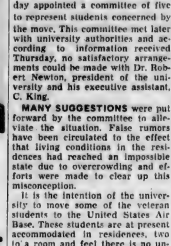

ON ARRIVAL here he went to work for George Walker as watchmaker and engraver, remaining in his employ for three years. In 1910 he went into partnership with L. W. Cook, under the firm name of Cook and Kirkland. In the late winter of 1911, Mr. Kirkland bought his partner's interest in the firm, and from then on the business was his own.

Veterans Fight Varsity Scheme

Move Quarters

Prof. J. S. Shoemaker

Cal Horticulture Expert

A special meeting of the University Returned Men's Association held to discuss a proposed move to the United States Air Base, Tuesday afternoon, was attended by 15 to represent students concerned by the move. This committee met later with university authorities and agreed that living conditions in the residences had created an impossible state due to overcrowding and efforts were made to clear up this misconception.

It is the intention of the university to move some of the veteran students to the United States Air Base. These students are at present accommodated in residences, two to a room and feel there is no room crowding.

The veterans object to being moved to Army huts where there will be 20 men to a room. In the situation of these veterans who were part of a delegation sent to investigate the proposed quarters, the huts are not suitable to study and live in. In addition, the huts were vacated by Sept. 1946, now discharged, have registered for the BCAF before that time.

THE VETERANS ARE of the opinion that their chances of successfully completing their studies are being jeopardized by the university's plan to move them to the barracks. They are reverting to service barracks life, which is not suitable to study and live in. In addition, the huts were vacated by Sept. 1946, now discharged, have registered for the BCAF before that time.

At a second meeting held Wednesday afternoon, reports were given regarding the findings from the previous meeting. There was a motion to pass a motion to the effect, "after due consideration of the proposals of the university authorities, the committee appointed to investigate the proposed move of the university students to the barracks, be of the opinion that the university should not move the students to the barracks."

THE QUESTION What are your impressions of the progress being made at the UNO conference, now attracting the spotlight of thinking people the world over?

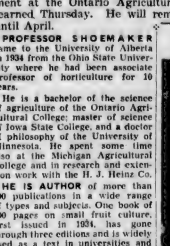

THE ANSWERS TERRY BARNHOUSE, motor dealer in the United States, said the Allied nations are getting down to business. He said that the UNO conference is making progress. He said that the UNO conference is making progress. He said that the UNO conference is making progress.

Prof. J. S. Shoemaker, of the department of horticulture, University of Alberta, who has accepted an appointment as professor of horticulture and head of that department at the Ontario Agricultural College, Guelph, was learned Thursday. He will remain at the university here until April.

PROFESSOR SHOEMAKER came to the University of Alberta in 1934 from the Ontario Agricultural College, Guelph, where he was a lecturer in horticulture for horticulture for 10 years. He is a bachelor of the science of agriculture of the Ontario Agricultural College, Guelph, and a doctor of philosophy of the University of Minnesota. He has also been at the Michigan Agricultural College and the University of California with the H. J. Heinz Co.

HE IS AUTHOR of more than 100 publications in a wide range of topics and subjects. One book of 400 pages on small fruit culture, first issued in 1934, has gone through three editions and is widely used as a text in universities and agricultural colleges. Another text book, dealing with vegetable production, is now in the printer's hands and will run 567 printed pages.

ABOUT A year ago Professor Shoemaker prepared two correspondence courses in horticulture for the Legion and up to now some 1300 persons in various parts of the province, now discharged, have registered for these courses.

SINCE HIS RETURN to Canada 10 years ago, Professor Shoemaker has been active in the horticultural group of the Canadian Society of Technical Agriculturalists, and has been a member of the U. of A. He is also a member of the U. of A. He is also a member of the U. of A.

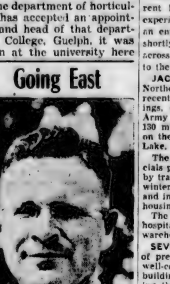

PROFESSOR SHOEMAKER has had remarkable success in placing graduates in horticulture in the last 10 years, as well as a number in British Columbia, have come to graduates of the University of Alberta.

Next issue of The New Trail, a university publication, will contain an article by Professor Shoemaker on "The Twenty Million Dollar Question." He will also discuss the problem of the university and the future of the university.

Probe Movement Camp Buildings

To Yellowknife

Yellowknife, hard hit by the current housing shortage, may soon experience considerable relief, as an entire former army camp may be converted into a housing project.

THE Edmonton air company officials plan to move all the buildings by tractor train to Yellowknife this winter and disassemble them to form the housing project. It is believed the buildings will assist greatly in solving the acute housing shortage in Yellowknife.

THE Mills River camp was used by the Americans as a base during winter fighting of materials north for the Canal project. There is a good air strip at the former camp site, which lies about 10 miles to the west of the present winter road between Grimshaw and Hay River Post.

Mr. Moar left Edmonton by plane Thursday for Mills Lake, where he will make arrangements for having the buildings loaded on a tractor train for transport to Yellowknife.

University Team Sent to Winnipeg. Mrs. W. W. Preston left Edmonton Wednesday evening for Winnipeg to represent the university women's basketball team. The Pandas, who are competing in the national basketball championship games to be held in Winnipeg at the weekend.

Members of the Pandas team are: Jean Gausgus, Shirley McPhail, Vera Holt, Sylvia Callaghan, Gretchen, Hanna, Herta, Olive, Barbara, Dorothy Jones, Eleanor Kyrle and Frances Stanley.

These jackets are in the beam, where winter sports are concerned. They are warm, comfortable, and gay in color. They have handy slash pockets, and neat ribbed cuffs and waist bands to keep out snow and wind.

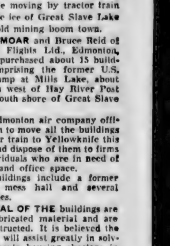

Color combinations are wine with navy sleeves, navy with red sleeves, navy with wine sleeves or red with blue sleeves. Warm lined wool, cotton, doddish, sizes collectively from 38 to 44. Priced at, each, 9.95.

Rationalized Foods

SUGAR: Coupons 6¢ now valid.

PAVE: Coupons 12¢, 12¢, 12¢, 12¢ now valid.

MEAT: Coupon 2¢ now valid.

Several of the buildings are of pre-fabricated material and are well-completed. It is believed the buildings will assist greatly in solving the acute housing shortage in Yellowknife.

Atomic Bomb "Guinea Pig"?

The 18,000-ton German heavy cruiser, Prince Eugen, above, is reported due in the United States soon to become, according to the Navy, "the subject of study and experimentation." Reports that the warship may be used for atomic bomb tests have not been confirmed. The ship is shown under guard of Danish troops at Copenhagen.

THE REV. R. M. THOMPSON

Congregational Meeting Staged At Metropolitan

Annual congregational meeting of Metropolitan United church was held in the Assembly hall Wednesday, with the Rev. R. M. Thompson, pastor, presiding. Mrs. L. A. Marks, recording steward, as secretary.

REPORTS SUBMITTED BY THE various organizations had been tabularated before the meeting, with satisfactory balances on hand on all but the current account of the building fund. All financial obligations have been met, and the new church is now entirely out of debt. The auditors' report, presented by

Total of 341 new members united with the church during the year, winning the presence of 1,000 converts to the evangelists in church schools, 494; and over \$4,000 raised for missions by all organizations. The total raised for all purposes was \$25,000.

DURING THE YEAR the assembly of the church was held at the church building, the ladies assisted to complete kitchens and the church was renovated. It was decided to erect a social hall as an addition to the present building, and a fund has been started for that purpose. The congregation authorized the trustees to purchase new music, and the stewards will have the new music ready.

One minute silence was observed in memory of those who lost their lives in the earthquake which struck the church who had died during the year.

A. E. ROSBOROUGH, chairman of the building committee.

The following officials were elected to fill vacancies in the Board of Directors: J. A. E. MIGHT, V. McElroy, Prof. W. Lang, J. A. Herlihy, S. Hemphill, A. E. Harwig, H. B. Harding, Association of Women, Mrs. J. A. Christie, G. A. Andrews and Dr. R. Anderson; to the committee of student officers, W. J. Morris, Dr. Gordon McQueen, O. S. Longman, E. C. Hallinan, C. V. Humphreys, R. L. Gilmour, Lorne Campbell.

The meeting closed with a social hour and refreshments served under the leadership of Mrs. W. J. McElroy and Mrs. W. G. Heath.

To Winter Sports

The Junior Chamber of Commerce winter carnival committee developed a new technique in delivering invitations to attend Edmonton's major winter attraction when they handed Paul Belanger, chief musher of the Whitehorse dog team, 14 letters last Saturday morning. These letters are being delivered to Boards of Trade in Lamont, Vegreville, Lloydminster, Vermilion, Yorkton, North Battleford, Saskatoon and other points.

R. Williams

To Meet Officials

J. Edgar March, Montreal, assistant manager, department of public relations for the Canadian Pacific Railway, arrived in Edmonton Thursday for conference with officials in connection with the business of his department. Mr. March will leave Thursday night for Saskatoon.

Airmen Protest

LONDON, Jan. 31. — (Reuters)—A group of airmen at the World RAF station, near Rome, today have called Prime Minister Attlee protesting at what they consider the slow rate of demobilization, a Bombay dispatch said last night. Aboosing of recruits to the RAF stations in Italy is reported in another dispatch.

Home-Owners Meet

A meeting of the Home Protective Association will be held at 8 p.m. Friday in the north side neighborhood center.

1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 26

The Road Ahead

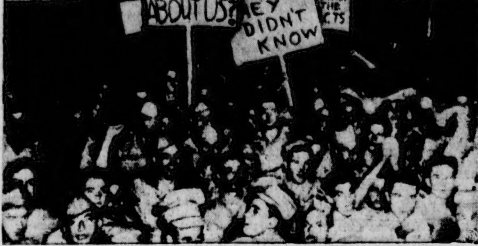

Continued from Page Eleven

he is registered, a check is made to see if any suitable employment is available, and if not he starts drawing his checks.

HE MUST LEAVE his address with the commission officials and must report at reasonable intervals. If a job which is suitable turns up he is directed to it and helped to obtain it and the benefit is discontinued. If no job turns up he continues to draw his checks without worry or interruption until his three months are up. At that time he is referred back to the DVA who may interview him again, but will, at any event, decide whether to award another three months. If no work or suitable training is available they will grant it. Then he continues, as before, under the unemployment insurance commission.

The special improvement of this new system over the old is that it cuts out a lot of red tape both for the veteran and for the DVA. Up until the present the DVA could grant benefits for periods of two weeks at a time only. This meant that the veteran never knew for sure where he stood. And, with thousands of men applying for benefits, senior officials of the DVA, who all on the advisory board, were charged with making the necessary decisions, were spending practi-

WHAT DOES ELICITABLE MEAN?

Thousands of GIs mass around the Philippine Legislative Building and City Hall in protest against delay in their demobilization. At a Manila meeting, soldiers adopted a resolution to Congress asking for an investigation of the demobilization program.

ally all their time passing resolutions very few veterans applying for out-of-pocket benefits. But during the war months this particular task became so burdensome that DVA officials feared it would interfere with the entire department's efficiency.

ASHITA PERSON THEY DIDN'T KNOW

the number of applicants increased there were greater and greater annoyances and embarrassing delays in the granting of payment of the benefits. This was particularly true in districts outside Calgary and Edmonton, where the applicants had to make their application by mail, and because of the travel problem, were unable to register their complaints in person.

AS THE UNEMPLOYMENT insurance commission is represented in most districts throughout the province veterans will be able to keep in close touch with officials if anything goes wrong and will be able to get much speedier attention than was formerly possible.

The new system will cut out the necessity for much liaison work which was formerly necessary between the DVA and the national employment service. The unemployment insurance commission and the national employment service offices are together everywhere and in many respects are the same department. Officials here will be able to check up readily to discover whether employment is available, and will be able to notify the veteran immediately a job for him turns up. This will benefit the man who honestly desires work and will protect the country against the "deadweight."

LAMP BURNS AGAIN

RANGON—(CP)—The sanctuary lamp is alight once again in the 100-year-old Church of the Sacred Heart, Tongson, in Central Burma. The church, damaged during the war, has now been rebuilt by men of the 13th Indian ("Dagger") Division.

R. Bishop, Banker, Dies in Hospital

Death occurred Wednesday morning in an Edmonton hospital of Ray Harding Bishop, for many years manager of the Bank of Nova Scotia at Arrowwood, northwest of Edmonton.

He had opened the branch of the bank which served that town while it was still the end of steel. He remained there until his last illness when he moved to this city. Mrs. Bishop, the daughter of Mr. and Mrs. G. B. Olsen, 508 112 street, use son, Marvin at the university of Alberta and a daughter Brenda, survive.

From 1916 to 1929 he was accountant here with the bank, which he joined in Edmonton, N.B. in 1929. After leaving here he became manager at Avonlea, Sask., Stoughton, Man., and Winnipeg, before opening the branch at Arrowwood.

He was a past master of the Blue and White Lodge AF and AM. The funeral will be Masonic, from the chapel of Foster and McCarvey at 2 p.m. Saturday.

North Oil Manager Moved to Calgary

Walker, Taylor, manager of Imperial Oil Co. Ltd., Norman Wells, since 1942 has been transferred to Calgary office of the company. He will be succeeded at Norman Wells by Charles Visser, of Calgary. Mr. Taylor was in Edmonton Wednesday on his way south.
